### Your actions keep energy safe and reliable.

Stay at least 10 feet away from power lines when using a ladder, long-handled tools or removing objects in trees. Keep at least two car lengths away from downed lines and anything they may touch. Call 9-1-1 and then us: 800-477-5050.

Visit [www.ConsumersEnergy.com/Outages](http://www.ConsumersEnergy.com/Outages) to report outages and check data-driven, estimated restoration times. Crews update the estimate based on what they see. If power is reported as restored and it's not, please report your outage again, so we can more quickly find a secondary repair point. Especially if your power is still out after a storm, do not clean-up your property immediately, electric lines could be hidden in debris.

**For electric medical equipment,** learn about the Critical Care Program before an outage. Call us or visit: [www.ConsumersEnergy.com/LifeSupport](http://www.ConsumersEnergy.com/LifeSupport)
